

With the significant decline in Covid cases, Trinity UMC will no longer require the wearing of masks in the church building.

This is inclusive of all activity, such as worship services, Sunday School (children, youth and adult), youth group, bible study, team meetings, outside organizational meetings, etc. Masking will now become optional and a personal decision made by each individual or family.

To be sure, there will be many who will elect to continue to mask. That said, the church will continue to make masks available and respect everyone's decision on whether to mask or not. Also, as we have done throughout these challenging times, we will continue to monitor the progression of this pandemic and will adjust protocol accordingly.

Yours In Christ,

Trinity UMC Re-Entry Team
